Respected, Sir/Madam,

This is with great pleasure we would like to say that after we introduced Smartclass e-Learning in our School, a total change in the classroom teaching has occurred. Smart Class has become an integral part of the teaching learning process in the classrooms. The modules are very well designed. With Smart Class, lessons can be transformed into fun filled activities for children which makes the teaching learning process very interactive and enhances internalization of concepts by the students. Shift in classroom teaching technique, computer-aided education has improved the efficiency level of the teachers and we are very sure Smartclass has played its role satisfactorily to improve the quality of education.

Smartclass has rendered very effective and digestible learning materials for all age groups of children and also for the teachers. Their chance of understanding and retaining what was taught has increased by the three dimensional visual learning.

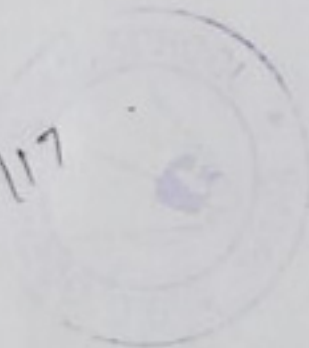

The functioning of e-Learning in all the section in School is running very smoothly.

Best wishes from the Staff and Management of the School

Thanking You,

Principal

N. Chakrabarty
