Smart Class Educational Services Pvt Ltd

Sub: Appreciation Letter

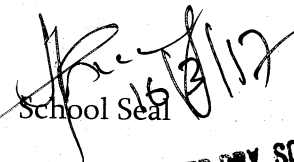

Dear Sir/Madam,

I take great pleasure in issuing this letter of appreciation, having been impressed with the content and the implementation of Smartclass in our school. While the teachers find the modules a great teaching aid, students find them highly informative and interesting.

I have found the officials of SSG highly co-operative, well-informed and ever willing to help. In fact the entire SSG and operation teams are highly co-operative and prompt in their duties.

In conclusion, I am very happy with the Content of Smartclass and the manner in which it is implemented in our school.

With best regards,
