The Managing Director,

Ebix Smartclass Educational Services Pvt. Ltd.

(Gurugram).

Dear Sir/Madam,

Dwelling Locations for Schools in this era made the Education very approachable for the students. Kind of Remote & Interior Locations for the Schools and Different cultured people & students sometimes makes the learning quite atrocious. Digital Education is a very well known platform, which is always admirable & made the learning enthralling. Ebix Smartclass is one of them. We appreciate their distinct initiative.

A round of applause for Ebix Smartclass Educational Services Pvt. Ltd.

Warm Regards,

School Authority.
