APPRECIATION LETTER

It is a matter of pride and a reason to boast for Navy Children School, Port Blair as it is the only school with smart class in all the 32 class rooms in the islands.

The Smart class has created a new dimension in teaching with wide and quality contents. It not only helps the teacher to clear the concepts but also aids in Lesson Planning, Virtual Practical's, Worksheets and Evaluation. The Smart Class also plays the role of substitute teacher.

I must make a special mention about the support staff as they are friendly, prompt in rectifying problems, and also encourages the teachers to make optimum use of resources for effective teaching - learning and better understanding.

(Mrs. Anita Devi)
